\$AVE!

Medical grade Disposable gloves for all types of applications.
Health Care, Automotive, Laundry, Gardening,
Household, Painting and many other applications

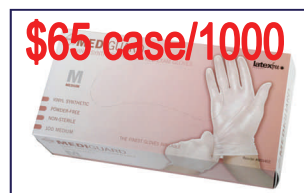

This flyer is effective until November 30th 2007. Freight is FOB our warehouse.

Mediguard® Powder Free **Latex** gloves have high elasticity and provide excellent tactile sensitivity. They are ideal for use in procedures that require greater dexterity and they are textured to help ensure a secure grip.

Mediguard® Powder Free **Nitrile** economical latex-free alternative now chemotherapy approved. Lightly textured for better grip and blue in color for greater visibility. Beaded cuff facilitates donning. Chemotherapy approved and meets ASTM D6319. Great for Automotive needs.

Mediguard® Powder Free **Vinyl** A cost-effective alternative that's perfect for general applications. New technology has improved the tactile sensitivity and durability of these quality latex-free gloves.

These **Aloetouch®** Powder-Free **Nitrile** Gloves offer durable protection combined with the moisturizing benefits of aloe. The **12"** extended cuff provides extra protection between the cuff and sleeve. Textured for a secure grip. Powder-free and latex-free. Patented.
